GENERAL SECRETARIAT

Dated 21th August 1948

No. S. R. 1170—L. W. 27-48-2. Under Section 12 (4) of the Mysore Labour Act XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore, in respect of the failure of the Conciliation Proceedings in the dispute between the Management of the S. M. Jaleel Beedi Factory, Sira and the Beedi Workers' Association, Sira, in respect of two notices of Change (one given by the Management and the other by the Labour Association) putting forth several demands as mentioned therein.

4047 MOHAMED ISMAIL SHERIEF, *Gl. Secy*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Notification No. C. C. 33 *and* 39—47-48,
dated 14*th August* 1948.

To

The General Secretary to the Government of
His Highness The Maharaja of Mysore,
Bangalore.

Sir,

I have the honour to make the following report under Section 12 (4) of the Mysore Labour Act, relating to two disputes between the Management of the S. M. Jaleel Beedi Factory, Sira, and the Sira Beedi Workers' Association, Sira, in regard to two Notices of Change (one given by the Management and the other by the Labour Association) putting forth the following demands :—

Demands of the Management :—

(1) that wages of labourers for tying beedies should be reduced from Rs. 1-8-0 to Rs. 1-2-0 per thousand;

(2) that cutting of Thupra leaves should be done in the beedi factory itself in order to prevent the wastage of Thupra leaves.

Demands of the Labour Association :—

(1) Since the beginning of February 1948 heavy amounts from wages of the employees are deducted towards the shortage of Thupra leaves. Such deductions should be stopped immediately and the amounts so far collected from the employees returned to them.

(2) Out of the beedies tied by each worker a large number is excluded in calculating the wages on the ground that they are damaged. This practice should be stopped.

(3) One anna per thousand beedies now with held from the wages of the employees as label charges should be stopped immediately as the employees are not liable to pay that.

(4) The wages for 26 beedies for every thousand finished beedies that are now being deducted as the charges for soaking the leaves should be stopped immediately.

455

(6) One anna per week per head that is being now collected by compulsion to the Muslim Students' Federation should be stopped immediately.

2. The Proprietor of the S. M. Jaleel Beedi Factory gave the concerned Labour Association, a Notice of Change in respect of six demands, of which all except the two mentioned above were subsequently withdrawn, while the Secretary of the Labour Association gave a similar notice to the Management putting forth six demands as specified above. The Assistant Commissioner of Labour, Bangalore Division, who tried to bring about a settlement between the parties reported to the Commissioner of Labour that an agreement between the parties had been reached in respect of demands 3, 4, 5 and 6 of the Management's notice and that demand No. 6 of the Labour Association had been withdrawn and that no agreement was possible in respect of other demands. Upon that, the Commissioner of Labour referred both the cases to this office under Section 10 (3) of the Labour Act to initiate conciliation proceedings.

3. Accordingly both the cases were registered and posted for hearing on the 22nd July 1948. But the President of the Labour Association appeared before me on 17th July 1948 and gave an application stating that 22nd was not convenient for any of the office bearers to attend the conciliation proceedings, as all of them had to attend the marriage of the Secretary of the Association on that day. The cases were therefore adjourned to 2nd August 1948. On that day, the cases could not be taken up as I was otherwise busy and hence they were further adjourned to 11th August 1948. The two demands of the Management were first taken up and discussed at length.

4. On that day the Management was represented by Janab Abdul Jaleel and Janab Safdar Hussain, Proprietors of the concern; while Janab Choudry Abdul Rasheed, President of the Labour Association assisted by Janab S. A. Yusuff Sheriff, Secretary of the Association, represented the Association. Janab Zia Mohamed Bokhari, Assistant Commissioner of Labour, Bangalore Division, was also present.

5. The two demands contained in the Management's notice of change were first taken up and discussed at length. The labour representative stated that the Management had agreed not to cut down the wages from Rs. 1-8-0 to Rs. 1-2-0 per thousand. Then there was the demand of the Management that the Thupra leaves should be cut in the factory alone. The inconveniences of adopting this procedure were explained by the representatives of labour. Some of the workers did not know how to cut the leaves. This work was done in the houses of the employees by their women folk in their spare hours. Bundles of leaves were issued to the workers for cutting and no one counted the leaves in each bundle before issue. This was one of the main reasons why the output of beedies varied from worker to worker and fell short of the expectations of the Management. To minimise hardship on this score I suggested that the average of the number of beedies prepared by all the workers in a week be worked out and that average be adopted for the purpose of calculating wages. If the output of a particular worker was equal to or exceeded this average no deduction on account of shortage of leaves would be made. In other cases the reduction would be in proportion to the difference between this average and the actual output. Both sides agreed to this formulæ. At the time of reducing the terms of the settlement into writing the Management stated that they would not sign the agreement unless the labour representatives withdrew all the demands contained in their notice in toto. To this course of action the labour representatives were not agreeable.

Thus, the conciliation proceedings in respect of both the notices of change ended in failure, which I hereby report.

I have the honour to be,
Sir,
Your most obedient servant,
K. SUBBA RAO.
Chief Conciliator.

No. S. R. 1545—L. W. 27-48-4. Under Section 12 (4) of the Mysore Labour Act XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore in respect of the failure of conciliation proceedings in the dispute between the Mysore Machinery Manufacturers Labour Association, 158, Central Bank Road, Chamarajpet and the Mysore Machinery Manufacturers, Ltd., Mysore Road, Bangalore City, in regard to a notice of change given by the said association, urging their demands as detailed in the report.

4680 MOHAMED ISMAIL SHERIFF, *Gl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 10th September 1948.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department, Bangalore.

Sir,

This is a report made under Section 12 (4) of the Mysore Labour Act.

No. C. C. 3—48-49. The Mysore Machinery Manufacturers Labour Association, 158, Central Bank Road, Chamarajpet, gave a notice to the Mysore Machinery Manufacturers, Ltd., Mysore Road, Bangalore City, under Section 10 (2) of the Act desiring a change in respect of the undermentioned items :—

(1) The minimum wage of every worker in the company should be Rs. 1-4-0 per day and the minimum increment to every worker annually should be Rs. 3.

(2) A Dearness Allowance of Rs. 25 should

(3) Every worker should be entitled to a privilege leave of twenty-six days per year, and a casual leave of eight days per year. Every worker should be entitled to a sick leave of two months with half pay. If the period of sickness extends more than two months, he should be entitled for a sick leave up to three months when certified by a Registered Medical Officer.

(4) Every worker who attends to his work regularly should be paid an attendance bonus of Rs. 3 per month.

(5) A House Rent Allowance of Rs. 10 per month should be paid to every worker.

(6) Provident Fund Scheme should be made applicable to all the workers in the company.

(7) A notice of at least one month should be given before a worker is discharged or a month wages should be paid in lieu of notice.

(8) All cases of misconduct should be referred to a Committee consisting of the representatives of the Association, the Management and that of the Government. The decision of the committee must be binding on both the workers and the Management.

(9) The wages due to an employee but not claimed by him on the usual pay day should be paid within 24 hours after the worker makes requisition for the payment.

(10) The period of the limitations for claiming unpaid wages must be 3 years.

(11) Employees attending the factory must be permitted to come 15 minutes late.

(12) In interpreting the standing orders the grammatical meaning of the standing orders holds good, and it is final. No other authority like the General Manager for the interpretation of the standing order is necessary.

Demands 11 and 12 were withdrawn in the course of the negotiations conducted by the Assistant Commissioner of Labour, Bangalore Division. In regard to other demands however there was no agreement and the Labour Commissioner in his letter No. C. 320—48-49, dated 4—5th August 1948 asked me to institute conciliation proceedings.

On 30th August 1948 the date fixed for the hearing of the Labour Association was represented by its President Sri T. A. S. Sanjeeva Gowda and its Assistant Secretary Sri Vedachalam. The General Manager, Mr. A. Gardner and his Assistant Sri A. N. Ranganathan appeared on behalf of the Management. Janab Zia Mohammed Bokhari, Assistant Commissioner of Labour, Bangalore Division, represented the Department of Labour.

At the very outset it was announced on behalf of the Labour Association that the demands Nos. 1, 6 8, 9 and 10 would be withdrawn. They were accordingly withdrawn and attempts at conciliation were therefore confined to the remaining demands, *viz.*, Nos. 2, 3, 4, 5 and 7.

Demand No. 2 :—The case for the Management was that the wages for unskilled labour in this factory ranged from annas 12 to Re. 1 and that the Dearness Allowance was annas 6 for labourers getting a wage of annas 12 and annas 8 for those getting Re. 1. Taking the two things together an employee of this factory was getting more than an unskilled labourer in any other concern in Bangalore City engaged in similar activities. If the Labour Association proved the contrary, the Management was prepared to raise the emoluments at least to the level of those paid in other similar concerns. The factory had just started working and not yet made any profit; on the other hand the losses incurred so far amounted to Rs. 50,000. The Management were not therefore prepare to consider any request for increase in the basic wage and dearness allowance at the

Demand No. 3 :—The Management pointed out that the standing order did not provide for the grant of any kind of leave with pay the employees of the factory. They were not prepared to effect any change in the standing order. But the Labour Association pressed their demand which was rejected by the management.

Demand No. 4 :—The General Manager complained that while he was in full sympathy with this demand, the Labour Association had not given him a chance of discussing this proposal with its representatives. He was willing to recommend to the Management, the grant of a suitable attendance bonus in cases where the attendance was 100 per cent. In the absence of a preliminary negotiation with the Labour Association on this question he was not prepared to accept the demand in its present form. The representatives of the Labour Association showed no disposition to act on this suggestion and hence there was a failure.

Demand No. 5 :—The General Manager pointed out that no industrial concern in Bangalore was paying House Rent to its employees. Some of them had constructed workers' quarters for a limited number of employees and leased them on rent according to a prescribed scale. His factory too was willing to construct houses for its employees after it began to earn profits provided it was given a block of land for the purpose. The representatives of the Labour Association pressed their demand which was rejected by the Management.

Demand No 7 :—The existing standing orders provide for the discharge of an employee after giving fourteen days' notice. The General Manger pointed out that the rule was the same in many other industrial concerns and that his employers were not prepared to effect any change in the standing order. This statement did not satisfy the labour representatives and the Management were not prepared to show any concession in regard to this demand.

At the conclusion of the hearing the representatives of the Labour Association asked for an adjournment in order to enable them to carry on further negotiations with the Management with a view to see if a compromise could be effected in respect of the above demand. Time was granted with the consent of both the parties till to-day (9th September 1948). In the afternoon however Sri Sanjeevagowda President of the Association appeared before me and report failure. I am accordingly reporting the failure of Conciliation Proceedings in this case.

I have the honour to be,
Sir,
Your most obedient servant,
K. SUBBA RAO,
Chief Conciliator.

Under Section 12 (4) of the Mysore Labour Act XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore, Bangalore, in respect of the failure of conciliation proceedings in the dispute between the Labour Association of the Sri Krishnarajendra Mills, Ltd., Mysore and the concerned management in regard to

(1) the two demands of the Labour Association contained in their Notice of Change dated 30th June 1948, and

(2) the Notice dated 15th July 1948 issued by the Management.

5063 MOHAMED ISMAIL SHERIFF, *Gl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 25th September 1948.

To

The Secretary to the Government of
H. H. The Maharaja of Mysore,
General Department, Bangalore.

Sir,

542

Krishnarajendra Mills, Ltd., Mysore and the other by the Management of the said Mills.

2. The Assistant Commissioner of Labour, Mysore, who intervened in the disputes and met the representatives of the Management and the Association on the 9th and 22nd July 1948, was unable to effect a settlement. As a consequence, the Commissioner of Labour referred the two cases to me for initiating conciliation proceedings under the Act.

3. I met the representatives of both sides on the 23rd instant at Mysore, when the points in dispute were thoroughly discussed. Sri M. R. Srinivasa Iyengar, the General Manager, appeared on behalf of the Management, while the Labour Association was represented by its President Sri Puttaswami and its Vice-President, Sri Ramaiya.

4. The notice of change given by the Labour Association contains two demands and is dated 30th June 1948 :—

(1) The allowance given to the night workers should be raised from one anna to four annas.

(2) Since the Mills are making heavy profits owing to abnormal increase in the prices of mill cloth, the workers should be given a special bonus equal to 25 per cent of the wages earned by them in the year 1947.

5. Before discussions commenced, I was informed by both the parties that the above demands had been partially modified during the negotiations before the Assistant Commissioner of Labour. The first demand as revised was that the night workers should be given an allowance of two annas instead of one anna per head and that they should be supplied with bread free of cost in addition to coffee. As regards the second demand, the nature of the modification made is indicated in the following passage occurring in a letter addressed by the Association to the General Manager :—

"In view of the trend of opinion that the labour is entitled to sharing of the profits of industries, the Sri Krishnarajendra Mills Labour Association demand that the labour is entitled to a special bonus this year in addition to the usual bonus, in case the Management has made more profit in the latter half of the year 1947-48 than in the former half year of the same year, due to abnormal rise in the price of cloth".

Demand No. 1 :—The night shift is from 3-45 P.M., to 12-30 A.M., with an interval of 45 minutes. Free coffee is served to all the workers between 9-30 P.M. and 10 P.M. Each night worker is paid a special allowance of one anna in addition to his basic wage. The Management stated that they were in sympathy with the demand for the supply of free bread or iddalies. But the difficulty lay in procuring the the requisite quantity of wheat or rice necessary for making bread or iddalies at the Mills' canteen in view of the fact that both these articles were controlled commodities and in great shortage. At present the Food Department was issuing 2·4 ozs. of rice per worker which was being utilised to prepare and sell food to the workers at the canteen. It was very doubtful whether the department would agree to give an additional quota of 2 ozs. of rice per worker for making iddalies or issue about a ton of wheat required for manufacturing bread. The Management stated that if the Labour Association could persuade Government to extend this further concession to the night workers they would gladly bear the extra cost and arrange for the supply of bread or iddalies. As regards increase in the allowance, the Assistant Commissioner of Labour has reported that the practice in Bangalore Mills is that the night workers in the Minerva and the Maharaja Mills get an allowance of one anna per head in addition to free coffee and iddalies and that the 2nd shift workers in the Bipny Mills, who work till 1 A.M., are given an allowance of one anna per head and no free lunch or coffee The representatives of the Labour Association were not inclined to press the demand for the supply of free bread or iddalies but insisted that the allowance should be raised from one anna to two annas. The General Manager stated that the Management were not prepared to agree to the increase in the allowance as demanded. The result was a failure in the negotiations.

Demand No. 2 :—The modified demand was vague and the labour representatives were asked to clarify matters. The General Manager produced a copy of the latest balance sheet and pointed out that the net profit earned including the amount transferred to the General Reserves during the year ended 30th June 1948 was less than in the previous year, the actual figures being Rs. 4,05,318 against Rs. 4,18,005 in 1946-47. These figures indicated that the impression of the labour representatives that the Management had earned more profit in the year 1947-48 was erroneous. Nevertheless they demanded that they should be given a special bonus and a special bonus of 6¼ per cent in commemoration of Indian Independence. The Management were prepared give a special bonus equal to one month's average wages earn by each worker in addition to the usual bonus. The Lab representatives were not willing to abate their deman They insisted that their minimum demand was a spec bonus of 15 per cent. My efforts to bridge the gap prov unavailing, resulting in a failure of conciliation proceedings.

6. The notice issued by the Management dated 15t July 1948 runs as follows :—

"Due to the unremunerative prices for our handloom products since the past nerly six months and shortage of orders for same the Management regretully proposes to close down the Handloom Section. Consequently the services of all the 111 permanent workers of the section will be terminated with due notice as per Standing Orders".

7. The General Manager explained the position. The Weaving Section was started some years ago for the benefit of unemployed weavers. A number of hand-looms were set up and each weaver was supplied with yarn at cost price for the manufacture of saries which were then in great demand but in short supply. It was now found that owing to decontrol and other causes there was a slump in the market for saries and that a large stock had accumulated which could not be sold even at cost price. The Standing Orders gave full power to the Management to dispense with the workers in the Weaving Section after giving due notice and the notice of change was given in this case by way of abundant precaution. The labour representatives argued that the supply of *bobbins*, etc., was not satisfactory and that the production of cloth per worker had increased to 9 yards per day. They did not dispute that the Mills were incurring a loss in this section but contended that the section could be made self-supporting if proper facilities were given to the weavers to increase the daily production to 10 yards per head. The Management pointed out that the market prices were fluctuating violently and that there was no demand at all for the kind of saries woven in the section. I found it impossible to make the representatives of Labour to formally agree to the closure of the Weaving Section.

8. In the result the conciliation proceedings instituted in respect of both the disputes ended in failure.

Yours faithfully,

AMERICAN CONSULATE GENERAL.

CIRCULAR V-7

Madras 1, January 1948.

Section 4 (e) of Immigration Act of 1924 provides non-quota status for :

"An immigrant who is a *bona fide* student at least fifteen years of age and who seeks to enter the United States solely for the purpose of study at an accredited school, college, academy, seminary or university particularly designated by him and approved by the Attorney-General, which shall have agreed to report to the Attorney-General the termination of attendance of each immigrant student, and if any such institution of learning fails to make such reports promptly the approval shall be withdrawn."

In order to qualify for a student's visa the applicant must present to the Consulate General the following :—

1. Certificate of admission into an American Institution issued by the appropriate authorities of the institution in duplicate. (This certificate must be the actual certificate issued by the Educational Institutions ; it may not be in the form of any third party's assertion).
2. Evidence such as certified copies of matriculation or degree certificate or other documents to establish that the applicant has sufficient scholastic preparation and knowledge of the English language to enable him to undertake the full course of study in day classes in the institutions of learning to which he is destined.
3. Certified copy of applicant's birth record (in duplicate).
4. Certified copy of applicant's marriage certificate, if married, and provided it is available.
5. Evidence of support. See below.
6. Police good conduct certificate in duplicate from the appropriate Police Officials at the places of applicant's residence.
7. A statement from the applicant as to the probable duration of his stay in the United States.
8. A valid passport endorsed for travel to the United States.
9. Recent Medical Certificate. See below.
10. Three recently taken identical photographs, $2\frac{1}{2} \times 2\frac{1}{2}$ inches in size unmounted printed on thick paper with a light background, showing the front view of the applicant.
11. Documentary evidence that definite reservation has been made for transportation to the United States.
12. Transit certificate or visas (when necessary) on passport for countries *en route* to the United States.

Evidence of Support.

A most important part of a visa application will be documentary evidence that the applicant will not become a public charge while in the United States. The burden of proof is upon the applicant and no specific evidence is required by law. Satisfactory evidence will be required to show that the applicant is in possession of sufficient funds to cover the cost of transportation to and from the United States and expenses while there, or that adequate, financial arrangements have been made to provide for such expenses, or if his support is to be based upon financial resources which are in India, that he has been granted permission by the Reserve Bank of India to carry sufficient dollar funds with him to cover his expenses, which funds are actually in the applicant's possession or that he has made arrangements for periodical remittances to him in the United States, before his application for a visa.

Medical Certificate.

Of next importance is the health certificate, item 9, visa applicants should ask their physicians for an especially thorough examination, inasmuch as another will be made at

The medical certificate may be issued by an I. M. S. physician or a district medical officer, or a medical officer attached to a Government hospital or any other physician known to the Consulate General (two copies of medical certificate blanks are enclosed for completion by the physician and return to the Consulate General. The applicant should take his passport with him when he goes to the physician.)

It is not to be expected that physicians throughout the consular district will be familiar with the detailed regulations of the United States concerning the physical condition or persons wishing to enter the United States as visitors or as immigrants. For this reason, many visa applicants present medical certificates which are inadequate. Delay and expense are involved in an effort to fullfil the requirements.

For the convenience of visa applicants, the American Consulate General at Madras has therefore requested a physician of the City to study the regulations thoroughly and issue certificates which the Consulate-General can accept without further question. His fee, exclusive of laboratory tests or X-rays if such are deemed necessary is Rs. 10 for the examination. Visa applicants are informed that if they present medical certificates from the undermentioned physician, the Consulate General will seldom, if at all, require any further evidence of the physical condition. Certificates from other physicians may, of course, be acceptable, but this cannot be guaranteed. It is recommended that applicants not residing in Madras go to their personal physicians for a preliminary examination and submit the physician's own certificate instead of the enclosed form. This is solely for the purpose of obtaining self-assurance that one's physical condition is probably such that one will pass a thorough medical examination at an American Port of entry. Then, when the applicant comes personally to Madras to apply for a visa, he may have the undermentioned physician, re-examine him with fair assurance that a certificate acceptable to the Consulate General will be issued.

Certificate will be accepted if issued by :

Dr. H. Bartelt, M. D.
111, Lloyd Road, Cathedral P. O., Madras, 6.

It is suggested that items 1 to 8 be given attention at once.

Upon submission of the above evidence by mail, if the Consulate General is satisfied, the applicant will be invited to call at the Consulate General personally to make formal application for a visa.

A student's visa is valid for admission to the United States for a maximum period of four months from and including the date of issue. This validity cannot be extended. The four months validity means that the visa must be used within that period in travelling to a port of entry in the United States.

No advance assurance can be given that a visa will be issued. The matter of whether the applicant will or will not qualify for a visa in all respects cannot be determined until he has applied formally at the Consulate General (by appointment).

The fee for a student's visa is Rs. 35.

The Registrars of the Universities at Madras, Osmania, Travancore, Andhra, Annamalai and Mysore, have been furnished by the Consulate General with a copy each of "American Universities and Colleges", "Guide Book for Foreign Students in the United States," and "Meet the U.S.A." The Public Affairs Officer, American Consulate General, 162, Mount Road, Madras, 2, will also be pleased to offer assistance to students in selecting an American School. Letters on the subject (as distinct from visa matters) should be addressed to the Public Affairs Officer. Letters regarding visa should be addressed to the American Consul General, Dare House, Parry's Corner, Madras, 1.

It will be useless to seek a personal interview until recommended to do so by the Consulate General. Documentary support of a visa application is required, and if documents are not strong enough to stand on their own without verbal explanation they are not a sufficient on which to issue a visa. Please do not call in person until the preliminaries have been concluded by correspondence.

All visa applicants are asked to note that the Consulate General will not correspond with third parties. The applicant himself or herself should conduct the correspondence. All visa correspondence is confidential.

This form to be returned in duplicate by the Physician to the American Consulate General, "Dare House", Parry's Corner, Madras, 1, in a sealed envelope.

To

All Heads of Departments and Government Industrial Concerns.

Re: Payment of subscriptions to Journals and Periodicals and cost of Books in the countries outside Sterling Area.

No. 593—Books. The Reserve Bank of India, Madras, have recently intimated this office that their prior approval is necessary to make payments on account of subscriptions to Journals and Periodicals and cost of books in the United States of America and other countries outside the Sterling Area and have called for a list of Journals and Periodicals and the books regularly purchased. In order to avoid the permission of the Reserve Bank being obtained in individual cases, it is proposed to send a consolidated statement of funds required annually for the purpose mentioned above, to the Reserve Bank. The Heads of Departments and the Government Industrial Concerns are therefore requested to send to this office immediately a statement of periodicals and journals subscribed for and the books purchased regularly in their respective Departments in *Triplicate* in the following* form so that the requisite permit may be applied for the total amount required annually.

*1	Name of the Country ...	.....
2	Name and address of the Firm...	.....
3	Name of the Periodical or Journal.	.....
4	Amount	.....
5	Approximate amount required for the purchase of books.	.....
6	Total amount required annually in Dollars.	.....

Such of the Departments as have furnished some information in this respect previously are also requested to send fresh and exhaustive statements in triplicate as the information already furnished is not complete.

It may be noted that bills, if presented, for the amounts not included in the statement will not be admitted and payments in respect thereof will not be arranged for.

(Press Note.)

DISTRIBUTION OF TEXTILES.

No. T1.—2272—48-49 It is hereby notified for the information of the public that with a view to restricting the rise in prices of cloth and yarn, and to make available the above, to the consumer at controlled rates, the Government of India have announced their Textile Policy on the main features of the policy are that control over production in the Mills and the fixation of ex-Mill prices rest with the Textile Commissioner, Bombay, and the Provinces and States are allowed to fix the margin of profits to the various classes of dealers and to arrange the distribution through such agency as the Provincial or State Government may consider suitable in their respective areas.

2. On the lines of the legislations passed by the Central Government the following Acts have been passed in Mysore to give effect to the future Textile Policy in Mysore State.

1. The Mysore Textile (Control) Order, 1948.
2. The Mysore Cotton Cloth Dealers' (Licensing) Order, 1948.
3. The Cotton Yarn (Control of Distribution) Order, 1948.

3. The Government of Mysore have decided to arrange distribution of cloth and yarn through the usual trade channelsa nd have retained three links in the chain of distribution *viz.*, Procurers, Wholesale Dealers and Retailers. Wherever it is found necessary and feasible, services of well organised Co-Operative Societies will also be made use of.

4. A procurer cannot be a wholesale dealer and *vice versa*, and the dealers are not entitled to more than one margin of profit, where a procurer is also a wholesale dealer, as in the case of yarn, the party is entitled to wholesale margin only and the procurers' margin should be remitted to Government.

5. The procurers would procure the cloth and yarn from the Mills for which they have been appointed as procurers. They are entitled to charge over ex-mills rates ½ centage which they have to remit to Government, 1½ per cent procurers, margin which they could retain for their services and ½ per cent to cover handling charges. Thus when the goods, pass their hands, it should not exceed 2½ per cent over remit to Government and 2 per cent procurers' margin to be retained for their services and 2 per cent transport charge for moving the goods from outside stations to Bangalore. Thus in the case of goods from mills situated outside Mysore it should not cost more than 4½ per cent over ex-mill rates when the goods leave the procurers' hands.

6. *Wholesale Dealers:*—The wholesale dealers are the class of dealers who receive bulk supplies from procurers as per allotment from the office and who in turn supply to the retailers linked to them. They are entitled to 3 per cent over ex-mill rates and ¼ per cent for handling charges. Thus they should charge over their purchase price (which should not exceed above the levels stated in para 5) and add 3¼ per cent and release the goods to the retailers.

7. *Retailers:*—The retail dealers who remove the goods from the Wholesale Dealers and arrange distribution to the consumers, are entitled to 9 per cent calculated on ex-mill rates. Where a wholesale dealer delivers cloth or yarn to a retailer in the centre of distribution instead of from his godown, he is entitled to 1¼ per cent extra of ex-mill rates to cover the transportation charges. When a Retailer attached to a Wholesale Dealer elects to purchase goods from the Wholesale Dealers, ex-Godown, the Wholesale Dealer should not claim 1¼ per cent but the Retailer should be entitled to charge the same on the consumers in addition to the margin of profit allowed to him *i. e.*, 9 per cent. When the goods are delivered to Retailers within the limits of Bangalore City and C. & M. Station neither the Wholesale dealers nor the retailers charge the 1¼ per cent transport charges. In effect, the maximum retail selling price should not exceed 15¾ per cent and 18 per cent over ex-mill prices in respect of local and outside Mysore goods respectively exclusive of octroi and sales tax, and other taxes in force in places outside the limits of Bangalore City and C & M Station.

8. The maximum selling price should not exceed 14½ per cent and 16¾ per cent over ex-mill prices in respect of local and foreign mill goods when sold in Bangalore City and C & M Station.

9. While calculating the percentage of margins, or expenses allowed to each class of dealers, the percentage should be calculated on ex-mill rates and not on the purchase price.

10. *Selection of Retailers.*—The Deputy Commissioners of each district have been requested to furnish a panel of names of retailers on the basis of 5 dealers for each hobli within their jurisdiction. The list would be scrutinised in this office with the available records and final list would be prepared after eliminating such of those on whom there had been complaints during the previous controls such as hoarding, profiteering, black-marketing, smuggling, case of refusal to sell cloth and yarn, non-maintenance of records etc.

11. Since the number of retailers was unmanageable as it existed during the previous controls, it has become imperative to reduce the number to a manageable minimum.

12. When once the procurers, whole salers and retailers, are selected, the parties would be intimated to remit the License fee to the treasury to the head of account to be specified and to forward their applications to this office in the prescribed form (No. A. Schedule) as per the Mysore Cotton Yarn (Control of Distribution) Order, 1948, and form II of the Mysore Cotton Cloth Dealers Licensing Order, 1948 published in the Extraordinary Gazette dated the 4th September 1948. They should follow the form referred to above and no separate forms will be supplied from this office. The fee payable by the dieffrent classes of dealers as per Notification No. SD. 1756-C. O. 3-48-1 dated 3rd/4th September 1948, Rule 6 of the Mysore Cotton Cloth Dealers' Licensing Order of 1948 and rule 4 of the Mysore Cotton yarn (Control of Distribution) Order, 1948, is as follows:—

Wholesale Dealers.	Rs. 100/- p. a.
Retailers.	15/- p. a.

13. *Method of Distribution:*—The distribution of yarn and cloth in Bangalore City and Civil Station area would be arranged by this office. The distribution in other places will be entrusted to the Deputy Commissioners of each District. The Deputy Commissioners have also been requested to suggest six names for each Taluk to form Taluk Advisory Committees to advise the distribution in each taluk

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 8th November 1948.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department, Bangalore.

Sir,

No. C. C. 1—48. The Superintendent, Nandidroog Mines, Ltd., Oorgaum, Kolar Gold Field, issued to the Secretary of the Nandidroog Mine Labour Association the following notice of change under Section 10 (1) of the Mysore Labour Act. The notice is dated 12th June 1948 (*vide* Annexure).

2. The Assistant Commissioner of Labour, Oorgaum, who intervened in the above dispute, submitted the following report on 26th June 1948 to the Commissioner of Labour in Mysore:—

"With reference to the above notice of change, I have the honour to report that the Superintendent, Nandidroog Mines, has stated that retrenchment of workers in certain sections (detailed in the Annexure to the notice of change) would be inevitable, sooner or later, owing to the falling production, a section of the mine gradually exhausting its ore, and incidents such as rock bursts and underground fires, etc. He has stated that, with the decreasing production the Company would not be able to maintain in Rolls the present labour strength.

The Association has requested the Management not to precipitate the matter at the present moment as such a step would prejudicially affect the smooth working of the Pay Commission that is now at its work.

It has suggested gradual retrenchment on the following lines:—

(1) The vacancies that occur in the mine due to retirement, medical unfitness, etc., be filled up by the men affected by the notice of change.

(2) The cases of workers who have completed 30—40 years' service may be taken up for appropriate consideration and the vacancies that may occur as a result of this be filled up by men to be retrenched under this notice of change.

The Superintendent has assured that there would be no mass retrenchment and has stated that the reduction in the number of persons employed would take place gradually."

3. Thereupon, the Commissioner of Labour referred the above notice of change to me for initiating conciliation proceedings on the ground that the parties to the dispute had not come to any definite agreement.

4. The case was heard at Kolar Gold Field on Saturday the 6th instant. Mr. R. G. K. Morrison, the Superintendent, and Mr. H. E. Jeffory, the Assistant Superintendent, appeared on behalf of the Mines, while the Labour Association was represented by Sri A. Rathnasabhapathi, its President, and Sri S. B. Arokal, its Secretary.

5. At the outset I pointed out to Mr. Morrison that the notice of change was a bit vague and indefinite in that it did not specify the number of hands to be retrenched with details of the sections in which retrenchment would be effected and the time expected to be taken for giving full effect to the retrenchment proposed. I expressed the view that under Section 10 (1) the Association was entitled to be furnished with these particulars in the notice of change and pointed out that the Act did not appear, to provide for arming the Management with general powers of retrenchment in advance of a situation expected to develop in the near future. Mr. Morrison's reply was that the Management had taken legal advice on the point, that the advice tendered was that a notice of change under

terminated without assigning any reason by giving one month's notice or one month's pay in lieu thereof and that all other classes of employees might be discharged from service without notice. Nevertheless, the Management thought that in this particular case it was desirable to give a formal notice of change under the Act. Section 10 (1) provided for the giving of a notice of change in respect of an industrial matter mentioned in Schedule II and item 1 in that schedule referred to reduction intended to be of a permanent or semi-permanent character in the number of persons employed not due to *force majeure*. In the opinion of Mr. Morrison the factors necessitating a reduction in the number of persons employed on the Mine were of a character akin to *force majeure*. The Management however thought it prudent to give effect to their proposals for retrenchment only after giving due notice to the Association as provided in Section 10 (1).

6. I then read out the notice of change and requested Mr. Morrison to explain fully its scope and implications. What he stated in reply is somewhat as follows:—

The production of the Nandidroog Mines is gradually going down with a corresponding decrease in the number of workmen carried on the rolls. The revised budget for the current year shows a fall of 17,000 tons as compared with 162,000 tons milled in 1947. The retreatment of old dumps and the Golconda section are working on a very narrow margin of payability and the work in these two sections may have to be suspended at any moment. The same is true in the case of some stopes where the yield of Ore is fluctuating from month to month between payability and loss. In the case of underground mining it is not an easy matter to work out in advance a schedule of retrenchment when the production is gradually decreasing. The question is highly complicated, unlike in other industrial concerns, such as a textile mill, where, on the abatement of the demand, for its goods it is possible for the Management to effect a proportionate reduction in output by shutting down the requisite number of spindles or looms. It is for these reasons that the Mining authorities are anxious to obtain some freedom of action in the matter of discharging surplus labour as and when the necessity therefor arises.

7. I asked Mr. Morrison whether it was possible for him to give even a rough idea of the retrenchment proposed to be effected. He stated that if he were pressed to give an answer he would say that he was prepared to suspend operations forthwith in the Golconda section and also in the retreatment of old dumps. This action would involve the immediate discharge of 250 hands. The decrease in the underground work would probably necessitate the discharge of an additional 350 hands. Putting the matter in another way Mr. Morrison stated that the Company's programme of retrenchment for the next six months might be taken to be to bring about an over-reduction of 600 employees in the next six months at the rate of 100 employees per month.

8. Sri Arekal who spoke on behalf of the Association stated as under:—

Standing Order 21 is *ultra vires* of the Labour Act. It is contrary to the express provision of Section 10 (1) which requires the Management to give a notice of change on each and every occasion when retrenchment becomes necessary. It is not open to the Management to take general powers under the Act of effecting retrenchment in the number of persons employed in anticipation of a contingent event. The Association does not admit that there is a need for over all retrenchment in the mine. Since the date of the notice of change nearly 380 vacancies have occurred in the underground and surface sections. In these vacancies it is possible to absorb the 250 men who would be thrown out of work by the suspension of operation in the Golconda section and by the stoppage of the retreatment of old dumps. If any difficulty arises in the matter of this absorption the Association was prepared to assist the Management in selecting men for discharge.

9. I found it impossible to bring about any reconciliation between the two opposing view points set forth above. Mr. Morrison however assured me that there would be no mass retrenchment and that the reduction in the number of persons employed would be limited to the minimum and be effected gradually in full consultation with the representatives of labour.

In conclusion, I have to report a failure of conciliation under Section 12 (4) of the Mysore Labour Act.

K. SUBBA RAO,
Chief Conciliator.

NANDIDROOG MINES LIMITED.

Annexure.

The production of this Mine has been gradually decreasing without a corresponding decrease in the number of workmen carried on the rolls. During 1947, 162,000 tons were milled and 6,324 men were carried on the rolls. During 1948, the mine is having difficulty in working to a Budget of 137,000 tons for the years. This curtailment in production necessitates a reduction in the number of workers now employed.

Besides the above general reduction, the following work may be suspended at any time and the services of workmen engaged thereon discontinued.

(1) *Retreatment of old dumps.*—This now runs on a very narrow margin of payability. A further diminution of payability will necessitate suspending this operation.

(2) *Golconda Section.*—This section of the Mine is gradually exhausting its ore and it is inevitable that before the year end operations will be discontinued.

(3) Such other work underground or on surface that the Superintendent at any time may regard as immediately unpayable.

For the above reasons, this notice of change is given to the effect that there will be a curtailment in the number of persons employed as reported from time to time under Rule 9 of the Rules under the Mysore Labour Act, 1942.

This notice of change is given without prejudice to the Company's right to retrench such excess workmen under Standing Orders. This notice is also without prejudice to the legal interpretation to be placed on the expression "*force majeure*" in Sub-section 1 of Section 10 and Schedule II of the Mysore Labour Act.

R. G. K. Morrison, Supdt.

GOVERNMENT OF INDIA.

AIR TRANSPORT LICENSING BOARD.

Dated 22nd September 1948.

No. A.T.L. 6-21 (48). It has been decided by the Air Transport Licensing Board that the applications which were received by the Board before the 17th January 1947 and which have not yet been finally disposed of by the Board should be taken up for consideration with a view to the issue of licenses covering a maximum period of five years. The Board have also decided that intending Air Transport Operators should be given an opportunity, if they so desire, to submit fresh applications in accordance with the relevant Indian Aircraft Rules, 1937, before the applications now pending before the Board are taken up for consideration. Under Rule 127 of the Indian

2 The ban imposed by the Air Transport Licensing Board on the receipt of fresh applications for licence to operate Air Transport Services in India is accordingly hereby lifted. It is however notified that any applications received by the Director-General of Civil Aviation after the 15th December 1948 will be considered by the Air Transport Licensing Board only after all applications which are now pending before the Board or which are received before the 15th December 1948 in response to paragraph 1 above have been disposed of and licenses have been issued to suitable applicants on the basis of those applications.

3 Intending applicants for licences are advised to satisfy themselves before submitting applications, that adequate facilities exist for the operation of air services on the routes in respect of which they wish to apply for licences. Applications which are submitted without taking into account the facilities to operate the services or the traffic potential on the routes will naturally stand little chance of consideration.

No. 4339—R M.—30-48-3. It is hereby notified for general information, that as desired by the citizens of Closepet Town and the Municipal Council, the name of the Town and the Taluk will be changed to "Ramanagar".

6457 SYED ABDUL ALEEM, *Rev. Secy.*

GENERAL SECRETARIAT.

Dated 19th November 1948.

No. S. R. 2414—L. W. 137-47-3. The following amendments to the draft Census of Manufacturing Industries Rules published with Notification No. S. R. 723—15-46-14, dated 21st August 1947 in the *Mysore Gazette*, dated 28th August 1947, which the Government of His Highness the Maharaja propose to make in exercise of the powers conferred by Section 11 (1) of the Mysore Industrial Statistics Act, 1943, are hereby published for the information of all persons likely to be effected thereby, as required by Section 11 (1) of the said Act.

Notice is hereby given that objections or suggestions, if any, may be forwarded to the Secretary to Government, General Department, within a period of one month from the date of publication of this notification in the official Gazette.

Objections or suggestions received after the said date will not be considered.

Draft Amendments.

In the said rules,—

(1) in rule 2—

(i) the following clause shall be inserted after clause (*a*), and the existing clauses (*b*) and (*c*) shall be renumbered as clauses (*c*) and (*d*) respectively :—

"(*b*) 'company' means an incorporated company, wheresoever incorporated."

(ii) the following clause shall be inserted after the existing clause (*c*), and the existing clauses (*d*), (*e*), (*f*) and (*g*) shall be renumbered as clauses (*f*), (*g*), (*h*) and (*i*) respectively :—

"(*e*) 'manufacturing process' means any process for—

(i) making, altering, repairing, ornamenting, finishing or packing, or otherwise treating any article or substance with a view to its use, sale, transport, delivery or disposal, or

(ii) pumping oil, water or sewage, or

(iii) generating, transforming or transmitting power."

(2) for rules, 3, 4 and 5 the following rules shall be substituted, namely :—

"3 (1). The Statistics Authority shall before the end of December or, in the case of a factory engaged in the sugar industry, before the end of June in each year, serve on the occupier of each factory which is engaged in an industry specified in Schedule I or which, having previously been so engaged, has temporarily suspended manufacturing processes, a notice requiring him to furnish to the Statistics Authority—

(*a*) a return in duplicate in the form appropriate to the industry in which the factory is or has been engaged relating to the next following calendar year or, in the case of a factory engaged in the sugar industry, the next following annual period commencing with the 1st July and ending with the 30th June, and

(*b*) if the factory is owned by a company, two copies each of the annual balance-sheet and profit and loss account, and of the directors' report, if any, for the period to which the return relates if the company's accounting year coincides with this period, and otherwise for the last preceding year for which the accounts of the company were closed;

and when any factory which was not in existence or was not engaged in any such industry in December or, in the case of sugar industry, in June, in any year, during the next following calendar year or, in the case of sugar industry, during the next following annual period as aforesaid, engages or is about to engage in any such industry, the Statistics Authority shall serve such notice on the occupier of such factory as soon as may be, and the provisions of this sub-rule shall apply as if the period to [illegible]

(2) If the occupier of any factory on whom a notice has been served under sub rule (1) (hereinafter called the first occupier), at any time during the period to which the return required to be furnished under such notice relates, ceases to be the occupier of the factory, and some other person (hereinafter called the second occupier) becomes the occupier thereof, the first occupier shall immediately on ceasing to be the occupier inform the Statistics Authority of the change of occupancy and the name and address of the second occupier, and the Statistics Authority shall as soon as may be serve on the second occupier a notice requiring him to furnish to the Statistics Authority :—

(*a*) a return in duplicate in the form appropriate to the industry in which the factory is engaged relating to that part of the said period during which the second occupier is the occupier of the factory, and

(*b*) if after the change of occupancy the factory is owned by a company, two copies of each of the documents which may be required to be furnished under clause (b) of sub-rule (1).

(3) If the occupancy of a factory changes more than once during the period to which the return required to be furnished under a notice served on the occupier thereof under sub-rule (1) relates, the provisions of sub-rule (2) shall apply on each occasion as if the outgoing occupier were the first occupier and the incoming occupier were the second occupier.

4. (1) Any occupier of a factory on whom a notice has been served under rule 3 shall furnish the return and documents as required thereunder so as to reach the Statistics Authority not later than two months after the expiry of the period to which the return relates:

Provided that any such occupier, who at any time during the period to which the return required to be furnished under the notice relates, ceases to be the occupier of the factory, shall furnish a return and documents as aforesaid relating to that part of the said period during which he has been the occupier of the factory so as to reach the Statistics Authority not later than two months after his ceasing to be the occupier;

Provided further that if any factory, on the occupier of which a notice has been served under rule 3, is dismantled or otherwise ceases to be a factory at any time during the period to which the return required to be furnished under the notice relates, the occupier shall furnish a return and documents as aforesaid relating to that part of the said period during which the factory was in existence so as to reach the Statistics Authority not later than two months after the factory ceased to exist.

(2) If on representation being received from an occupier before the date on which a return is required to be furnished under this rule the Statistics Authority is satisfied that there is sufficient reason for so doing, the Statistics Authority may:—

(*a*) allow an extension of time for submission of the return up to one month beyond the said date;

(*b*) in the case of a factory owned by a company, allow, copies of the balance-sheet, and profit and loss account and of the directors' report, if any, to be submitted separately from the return by such date as he may specify.

5. (1) The Statistics Authority shall forward with the notices referred to in sub-rules (1) and (2) of rule 3 three copies of the form in which the occupier on whom the notice is served is required to furnish a return. Two copies of the form shall be used for the purpose of submission of the return as required by rule 4, and on the third copy the occupier shall retain an exact copy of the return submitted by him.

(2) If the occupier of any factory receives with a notice served on him under rule 3 copies of a form which is not appropriate to the industry in which the factory is or has been engaged, shall within seven days of the receipt of the said notice intimate to the Statistics Authority the industry in which in his opinion the factory is engaged, the principal products of the factory and the anticipated approximate value of each such product during the period for which the return is required; and upon the receipt of such information, whether within time or not, the Statistics Authority shall determine the industry in which the factory is engaged and, if it is an industry specified in Schedule I, shall as soon as may be after the receipt of such intimation serve upon the occupier a notice requiring him to furnish a return and document[illegible]

and had been received on the date on which the original notice was received.

(3) If any factory on the occupier of which a notice has been served under rule 3 at any time subsequent to such service becomes engaged in a different industry from that in which it was previously engaged, the occupier shall within seven days of the factory becoming so engaged, intimate to the Statistics Authority the industry in which in his opinion the factory will thenceforth be engaged, the principal products of the factory and the anticipated approximate value of each such product during the entire period for which the return is required: and upon the receipt of such intimation, whether within time or not, the Statistics Authority shall, after making such further enquiries as he may consider necessary, determine the industry in which the factory is engaged and, if it is an industry specified in Schedule I shall as soon as may be serve upon the occupier a notice requiring him to furnish a return and documents as provided for in rule 3 in relation to that industry, forwarding therewith three copies of the form appropriate to that industry, and the provisions of these rules shall apply and the occupier shall furnish a return as if the fresh notice were the original notice and had been received on the date on which the original notice was received."

(3) *For* sub-rule (1) of rule 6, the following sub-rule shall be substituted, namely:

"6. (1) Any notice required to be served and any return required to be furnished under these rules be served or furnished, as the case may be, by transmission through the post under registered cover with acknowledgment due, and on the outside of any cover:—

(*a*) containing a notice, the Statistics Authority shall cause to be written prominently the words "Notice under the Census of Manufacturing Industries Rules, 1947";

(*b*) containing a return or other documents required to be furnished by an occupier, the occupier shall cause to be written prominently the words "Confidential Return under the Census of Manufacturing Industries Rules, 1947."

(4) In sub-rule (2) of rule 6, for the words, brackets and figures "The notice referred to in sub-rules (1) and (2) of rule 3" the words "Any notice required to be served on the occupier of a factory under these rules" shall be substituted.

(5) In rule 7, for the words and figure "under rule 3" the words "to be furnished under these rules" shall be substituted.

No. P. 8554. The following Press Communique dated the 10th November 1948 of the Government of India, Ministry of Relief and Rehabilitation, New Delhi, regarding the "No Objection Certificate" to be obtained by persons visiting Pakistan temporarily is republished for general information:—

"Indian Nationals visiting Pakistan temporarily are likely to be inconvenienced in obtaining permits for permanent return to India at the close of their temporary visit to Pakistan unless they take a certificate from the Deputy Commissioner or Collector of the District to which they belong, certifying that the applicant is an Indian National and is going to Pakistan only temporarily. It is, therefore, announced for general information that in their own interest persons visiting Pakistan temporarily should take such certificates with them when going to Pakistan. Non-observance of this procedure is likely to cause delay and inconvenience in obtaining return permits from the High Commissioners for India in Pakistan, Karachi, or the Deputy High Commissioner for India, Lahore.

2. The above certificates will cover persons going from India. If any members of the applicant's family now in Pakistan are to return with the applicant, a further certificate should be taken to the effect that such persons are Indian Nationals, are not and have not been evacuees from India and there is no objection to their return. The certificate must mention the names, ages, relationship and identification marks of the persons who are to return to India. Family for this purpose means applicant's wife or husband and dependant children.

3. The certificate has to be of the Collector or Deputy Commissioner of the District to which the applicant belongs. A certificate by any other officer will not be recognised.

4. The "No objection return to India" certificate should bear the photograph of the person who goes to Pakistan on short visit. This should be done at the cost of the person going to Pakistan. The photograph should be duly attested by the issuing authority.

GENERAL SECRETARIAT.

Notification dated 30th November 1948.

No. S. R. 2369—L. W.—27-48-16. Under Section 12 (4) of the Mysore Labour Act XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the following report of the Chief Conciliator in Mysore, Bangalore, in respect of the failure of conciliation proceedings in the dispute between the Labour Association of the Sri Rama Silk Mills, Bangalore, and the Management of the Mills in regard to a notice of change given by the said Association to the Management of the Mills on 23rd July 1948.

MOHAMED ISMAIL SHEREFF, *Gen., Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 22nd November 1948.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department, Bangalore.

SIR,

No. C. C. 6—48—Encl. This is a report made under Section 12 (4) of the Mysore Labour Act.

The dispute arose out of the notice of change given by the Sri Rama Silk Mills Labour Association, Bangalore, to the Management of the Mills on 23rd July 1948.

The notice contains the following eleven demands:—

"1. The minimum wage per day to every worker in the Sree Rama Silk Mills should be Rs. 1-4-0.

2. Dearness Allowance of Rs. 20 should be paid to all the workers.

3. Dearness Allowances should be paid to the workers on holidays and Played off days also.

4. At present, the employment of workers are terminated by the Management without assigning any reasons whatsoever. Cases of arbitrary punishment are not rare. So all cases of 'misconduct' should be referred by the Management to a committee composed of three persons: a representative of the Management; a representative of the Association and a representative of the Government. The decision of the Committee should be binding on the workers as well as the Management. The necessary amendment in Standing Order No. 10 should be made.

659

6. Every worker should have the right to enjoy a privilege leave of 26 days per year and every worker should be entitled to sick leave with half pay for a period not exceeding three months in a year. If the sick leave extends above three months the worker should be entitled for leave without pay for such period as may be certified as necessary by a Registered Medical Practioner.

7. It is usual to ask a worker to get back home or keep idle on account of repairs to machines or for want of ready beams for the loom and in the case of weavers working on double looms to ask them to go on with only one loom. This entails loss of wages for the day either entirely or in part for no fault of the workers. So either work should be provided or the wages paid. This should apply to all workers in all the departments.

8. Every worker who has put in a service of six months should be treated as a permanent worker.

9. The Management must give facilities to the Association for collection of subscription in the Mill premises.

10. When a person sustains any accident he should be entitled for half the wages per day, while he undergoes the treatment in addition to such compensation as he may be entitled to under the Workers' Compensation Act. If he is certified by the Doctor as found fit, he should be taken back to his original place, otherwise if he cannot do the work as efficiently as before, he should be given the work which he can efficiently handle.

11. Payment of three months' wages as "High Price Bonus" immediately in addition to 'Dearness Allowance' and its continuance year after year till the prices get down to pre-war level."

The Managing Agents of the Mills sent a reply to the Association on 3rd August 1948. The reply reads as under :—

"1. At present the wage cannot be fixed at the figure you mention uniformly. The concern has incurred heavy losses. The demand should have been accompanied by an offer on the part of the labourers to contribute in the year of losses.

2. No basis is furnished for the increased rate of dearness allowance. The Mill is not in a position to concede this demand.

3. Dearness allowance cannot be paid for holidays in accordance with the principle of 'No work No pay.'

4. The allegation of 'arbitrary punishment' is false. The whole thing is governed by the Standing Orders. Your suggestion cannot be introduced in an isolated concern. If legislation is passed, then the matter could be thrashed out. No amendment at present is called for.

5. The Scheme of Provident Fund will be considered after going into the questions of the financial implications.

6. This cannot be complied with.

7. This is an unnecessary interference with the day to day working of the Mills. If the labourer loses wages the management loses production. The claim is untenable.

8. This will be considered subject to the conduct of the worker.

9. This cannot be done in the Mill premises. This should be done in Association's Office.

10. The matter is governed by legislation at present in Mysore. The Standing Orders cannot change that enactment.

11. This is a speculative demand over which the Management has no control. There is no guarantee that prices could go down to pre-war level as the whole thing depends on world economy"

The Association was apparently not satisfied with the response of the Management to their demands. The Assistant Commissioner of Labour who intervened in the dispute was unsuccessiul in bringing about a settlement, and in due course, the case was referred to me for initiating conciliation proceedings.

I met the representatives of both sides on Friday, the 19th instant. Sri G. V. Ramachar, the Legal Adviser of the Mills, appeared on behalf of the Management, while the Association was represented by its President Sri Narayanasami, Secretary, Sri G. S. Sanjeeva Rao and Assistant Secretary Sri Perisami.

At the very outset, Sri Ramachar intimated that he had been instructed not to go beyond the terms of the replies already given by the Management to the several demands put [illegible] The representatives of the latter

It was stated that the membership of the Association was confined to daily wage earners and piece-workers and not to monthly rated employees. The prevailing rates of wages in the case of daily workers ranged from six annas to Re. 1 in the case of males and four annas to twelve annas in the case of females. The rates of Dearness Allowance are Rs. 12-8-0 a month in the case of those whose actual earnings during the month are Rs. 30 and above, and Rs. 11-8-0 in other cases. There are no holidays with pay. The workers are not entitled to get any allowance during leave of any kind whether on account of sickness or other cause. There is no provision for maternity benefit in the case of female workers. The Standing Orders provide for the confirmation of a worker at the end of six months' satisfactory service. The Association complained that in several cases the confirmation of workers had been withheld indefinitely without any explanation. The Labour representatives were unable to give specific instances and it was stated on behalf of the management that the matter would be looked into if details were furnished. The representatives of the Association wanted that one of their men should be admitted to the place where wages are disbursed in order to facilitate the collection of subscription due to the Association from its members. The representative of the Management however pleaded inability to grant this request. The place where the wages were disbursed was a small room in the upstairs and the Management were anxious to avoid the occurrence of any row owing to the unwillingness of any worker to pay his subscription. Another grievance of the workers was that the bonus equal to one month's wages which was being given to them on the occasion of "Deepavali" had not been paid this year. It was explained on behalf of the Management that the grant of this bonus was a gift purely at the discretion of the Manag ment and that the Mills could not afford to pay any thing this year as it was working at a loss. The audited balance sheet for 1946-47 disclosed a loss of 1·35 lakhs while the losses during 1947-48 were estimated at about Rupees 3 lakhs. In view of the very difficult financial position of the Mills, the Management were not able to grant any of the concessions urged in the notice of change. No reserves of any kind had been accumulated. The Management were anxious to institute a Provident Fund Scheme for their employees, but were unable to implement it till their financial position improved. Some of the concessions asked for in the notice of change had not been conceded in any industrial concern in Bangalore or elsewhere.

With the result, I report failure of the conciliation proceedings in this case.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator.

No. S.R. 2365—L. W. 27-48-14. Under Section 12 (4) of the Mysore Labour Act XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore, Bangalore, in respect of the failure of Conciliation Proceedings in the dispute between the Labour Association of the Mysore Paper Mills, Ltd., Bhadravati and the concerned Works Management in regard to a notice of change given by the said Association containing 16 demands, on the 6th August 1948.

MOHAMED ISMAIL SHERIFF, *Genl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Notification dated 23rd November 1948.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department, Bangalore.

Sir,

No. C. C. 8—48. In this case the Conciliation Proceedings were held on Wednesday the 17th instant. The parties to the dispute are the Mysore Paper Mills, Ltd., Bhadravati and the Labour Association of the said Mills.

On 6th August 1948, the Association issued a notice of change containing 16 demands. These demands as stated in the notice are as under :—

1. *Court Award.*—The court award which was given in Mysore Iron and Steel Works, effect from 1st July 1947 may

660

Paper Mills on duty on 12th April 1948. Management paid the lock out period salary to the monthly rated staff, the said wages to the daily rated staff also be given.

3. *Strike Period Wages.*—Stay-in-strike period wages (for 15th October 1947) to (23rd October 1947) as per Board of Directors Proceeding sent by the General Manager on 27th April 1948 may be given.

4. *Production Bonus.*—The production bonus for the Beaters Section and Paper Machine to be given.

5. *Boots and Chappals.*—Beaters Section and Paper Machine working throughout eight hours in water, 30 water proof boots or chappals to be given free of cost.

6. *Profit Bonus.*—The net profit of the company for the year 1947-48 half the amount may be given to workers without any distinction in salary of the employees for each equal distribution, as they have suffered a lot during these days owing to the scarcity of food grains and cloth.

7. *House Rent.*—The house rents of our Mills area is much greater than other Mills, so the house rent to be reduced to 25 per cent less at the present rent.

8. *Piece-Workers.*—As per our demand letter dated 19th February 1948 for the piece-workers employees to be given 10 per cent increase with effect from 1st July 1947 as you have given only to the paper finishers (card-board finishers and book-stitching finishers board piece-work carpenters in finishing section to be given enhancement of 10 per cent as you have given to paper finishers.

9. *Quarters.*—The management should provide quarters for all the employees within a year.

10. *Boots, Chappals and Goggles.*—The employees who are working in the soda recovery section and boiler section should be provided boots, chappals and Doctor certified goggles to be given free of cost.

11. *Chappals and Kamblies.*—The town gang workers and track gang workers in the sun and heavy rains and thorn forest, so kamblies and chappals to be given free of cost.

12. *Gass Allowance and Goggles.*—The people who are working in Electrolysers to be given personal allowance annas 4 each per day, and Doctor certified goggles to be given free of cost.

13. *Unnailed Scraper Boots or Chappals.*—Scrapers boots or chappals to be given to the electrical section as they are working in the dangerous places free of cost.

14. *Allowance.*—The lime kiln employees working throughout 8 hours in lime dust and lime, so allowance of four annas each to be given.

15. *Water Proof.*—The water works employees working throughout their shifts day and or night being a essential service they should go to the town and eat. In the rainy season so water proof or kamblies to be given free of cost.

16. *Roads and Lights.*—The Burma road from paper town to mills lights should be provided and roads to river bank shed should be repaired.

The Management apparently took no action on receipt of of the above notice. The Assistant Commissioner of Labour, Bhadravati, started negotiations and tried to bring about a settlement. The attempt was however unsuccessful but the Assistant Commissioner was able to elicit the following remarks from the General Manager in respect of the several demands put forth by the Association :

1. We regret we are unable to give effect to the scales of pay given by the Mysore Iron and Steel Works as the Paper Mills are on a different footing compared with the Iron and Steel Works.

2. The lock-out was legal and no wages can be given to the employees who were not on duty.

3. The Board of Directors did not sanction pay for the strike period.

4. As we have not reached the rated production of the plant the question of instituting a system of production bonus will be taken up after the defects are removed.

5. Wherever conditions of work warrant, boots and chappalies are being given at concession rates. In the case of men working in the Vat machine, an allowance of one anna per day is being given to enable these employees to buy their footwear. If necessary the allowance will be withdrawn and boots or chappalies given.

6. The question of giving bonus is generally considered after the accounts for the year are passed by the shareholders.

7. The house rent levied is so low that it does not pay even 2 per cent on investment. It is not possible to reduce it further.

9. The Government has undertaken to provide housing for Industrial employees, we shall approach them for putting up houses.

10. Employees in Soda Recovery Section are provided with boots. In the Boiler Section only those who are working in steam raising are provided with boots. Goggles are given wherever necessary.

11. We do not see any need to provide kamblies and chappalies to men working in Town Gang as no need is felt for such apparel.

12. Gas masks are provided in electrolysers.

13. Such facilities are not given to employees working in electrical department of the Government and need for these is not felt.

14. Gas masks will be given to employees of lime kiln if they are prepared to wear them.

15. The water works employees are working in covered buildings and the necessity of giving water proof coats does not arise.

16. The roads are periodically repaired. Lights are being installed wherever needed by the C.P.S. at our instance.

In these Proceedings Sri K. Umanatha Rao appeared on behalf of the Mills, while the Labour Association was represented by its President Sri A. Dorairaj and Secretary Sri G. Dharmaraj Pillai.

Some of the demands are vague and unintelligible and the language faulty. The reply of the Management is quite brief and often cryptic. I had to spend several hours in merely finding out the exact scope and implications of the several demands and the attitude of the Management in regard to each of them. After this preliminary elucidation when the detailed examination of each demand on its merits was taken up, the General Manager stated that he had no power to carry on further negotiations or concede anything more than what is contained in his remarks already communicated to the Assistant Commissioner of Labour. There was complete lack of any disposition to come to an amicable settlement by a process of give and take. Neither party had taken the trouble of examining these demands with a view to determine their exact financial implications. Some of the more important points elicited during the discussions are summarised below.

The Association wanted that the recent award given in the Mysore Iron and Steel Works dispute should be applied to the employees of the Mills. The General Manager pointed out that the two concerns differed considerably in regard to scales of wages, the conditions of employment and the nature of work performed. He also complained that the Association had not worked out the details to show exactly how the said award could be made applicable to the Mills. The reply of the Association was that if the principle were accepted its representatives were already to help the Management in working out the details. The General Manager replied that on the question of revision of scales of wages there was an agreement reached between the Management and the Association on 23rd October 1947, that the Mills were strictly adhering to the terms of this agreement and that they were not prepared to agree to its revision on the lines suggested by the Association.

On the question of production bonus the labour representatives had very hazy notions. After much discussion they demanded the payment of this bonus in certain sections in any year in which the production exceeded 3,000 tons. The General Manager however pointed out that this was the production in 1947-48 which was the worst year of operation in the Mills, owing to a prolonged strike and lock-out and that the maximum production was in 1942-43 when it touched 4,300 tons. There were certain defects in the existing machinery which the Management were unable to set right. When the new machinery ordered arrived and were installed the Management would consider this question provided the production in any year exceeded an agreed output.

One of the demands related to the free supply of boots, chappals and goggles to workers in some sections. The General Manager explained the position. The employees in Soda Recovery Section got these articles at one-third the cost price while those in some other sections were supplied at half the rates. The employees of the Vat Section were given an extra one anna per head per day in lieu of this concession. The workers in the Soda Recovery Section had been provided with gas masks at the expense of the Mills. The use of these masks required some

661

The Management were willing to provide gas masks to the employees in the lime kilns also but they were not prepared to grant them an allowance as demanded by the Association.

The General Manager refuted the contention of the Association that the Mills were charging higher rents to its employees than the Mysore Iron and Steel Works. Nearly one half of the workers had been provided with quarters at the cost of the Mills and the return on capital hardly exceeded two per cent. The rents collected in the aggregate were much below 10 per cent of the wages earned by the workers occupying the Mills quarters. The Management were anxious to provide quarters for all their employees but the financial considerations and the paucity of building materials came in the way.

In the opinion of the Management there was no need to supply free of cost chappals and kamblies to town gangs nor boot and chappals to the employees in the Electrical Section. The men operating the electric switches had been provided with rubber gloves. Most of the workers of the water supply section had little outdoor work. The supply of waterproof coats or kamblies to them was quite unnecessary. Steps were being taken to instal street lights on the Burma Road mentioned in Demand No. 16. The periodical repair of this road had not been neglected.

Demand No. 3 had been fully considered by the Board and and it had been finally decided not to sanction the pay for the strike period. The Board were not prepared to depart from the principle "No work, No wages."

The Management countered the suggestion that the lock-out had been declared in a hurry. The fact was that the Labour Association had given a notice that the labourers would go on a stay-in-strike from the morning of 12th April 1948, that when the employees of the first shift assembled in the Mills that morning they declined to work and that as the Management apprehended trouble, they were forced to declare a lock-out. It was untrue that some daily wage earners who participated in the strike had been paid wages for the strike period. The strike was partial and the work continued to function in some sections.

Another demand of the Association was that half the net profits of the Mills should be distributed equally among all the employees. This the General Manager declared was utterly impossible. At present every employee was in receipt of a bonus equal to one-sixth of the wages earned by him during the year. The profits of the Mills had considerably gone down. In the year ended June 1948 the net profit were estimated at 1·83 lakhs. Income-tax and Super-tax would absorb about Rs. 22,000. It had been provisionally decided to give a dividend of 6¼ per cent against 7½ per cent in the previous year. This would absorb a further sum of Rs. 1·56 lakhs. The balance left over would be quite inadequate to meet the bonus of the employees even on the existing scale amounting to roughly to Rs. 75,000. The Management would have to draw on the reserves to meet this liability.

A new spirit is abroad. There has been a revolutionary change in the attitude of industrial labour towards labour problems. Labour is now putting forth its demands based more on its ideology than on a consideration of their practicability. It is impatient with the argument that industry cannot afford to pay and it contends that it has a first claim on the profits of industry and that the Shareholders should be content to receive whatever is left after its demands are completely met. The reaction of the Management to this attitude is to maintain that the demands of labour are so unrealistic that their detailed examination in a spirit of accommodation is hardly worth while. It is as if each party is talking in a language not understood by the other. In such a situation it is becomming increasingly clear that the existing machinery provided in the Act for the amicable settlement of industrial disputes is proving less and less effective. All that I could do in the present case was therefore to merely report the failure of the Conciliation Proceedings under Section 12 (4) of the Act.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator in Mysore.
